M e m o r a n d u m

submitted to the Hon'ble the Chief Minister,
Government of Mysore.

S i r,

On behalf of the public of Kasaragode Taluk, we, the undersigned beg to placed before you and the Government of Mysore our views on problems relating to the merger of Kannada areas of Kasaragod Taluk with Mysore State.

The question of merger of Kasaragod with Mysore State is not a new one and all relevant facts concerning the justification of this step, have been placed before all concerned, times without number. Considered from a point of view of administration, language, and culture, it would be doing only justice to the people of this area by the merger as desired and hoped for by the people. The only task is to take the initiative in the matter. The concrete demand for integration of at least two Firkas of Kumbla and Manjeshwar with Mysore and the reference to Arbitration as of the issue of Kasaragod Firka is to be expeditiously considered.

Under the above circumstances, we look up to you to take the initiative and extend a helping hand in solving the problem. Therefore, we would request you that all possible steps may be taken for early redress of this injustice done to the public of Kasaragode Taluk consequent to Reorganisation of States.
